SHOW CATALOGUE

We at CGAI are proud to be associated with Messe Frankfurt for the Corporate Gifts Show 2019. We welcome and congratulate Messe Frankfurt.

India is one of the most hospitable and socialising countries in the world, where gifting is part of its culture, heritage & social customs. Be it business or personal occasions, India and Indians are amongst the most passionate people about giving and receiving gifts.

Gifting Industry in India has predominantly been an unorganised sector with no recognition or representation whatsoever; domestic or international, having its own challenges and issues unique to the industry alone, with corporate client being more demanding than ever before, in effect leading to unique branding and customisation innovations.

CGAI, Corporate Gifts Association of India was formed in the year 2013, and within a span of a few years, is now a 400+ member, organised association. CGAI is the only Active Association in India with over 400+ active members and trade affiliations and recognition with Domestic and International relevant Trade Partners and Associations.
